

## 2020 Executive Council Candidate

# Gerard Adams

"Gerard previously served on the ANZCCJ Executive Council from 2015-2018. As the first EC Operations Director, he helped strengthen the ANZCCJ's internal operations and strategy planning, while establishing initiatives such as the SME Support Program. If elected, his immediate focus will be on strengthening the ANZCCJ's finances and membership base, while keeping the long-term interests of members at heart. His professional experience has ranged from Legal, Food & Beverage, and now Biotech, and he hopes to again be actively involved in FAHC and the exciting new TIER Committee."
