

Website Redesign

Announcing the launch of our newly redesigned website!

The Australian and New Zealand Chamber of Commerce is proud to launch our newly redesigned website.

The primary objectives of our site development efforts were focused on access, diversifying content, and increasing the visibility of our committees and events. The new design also allows for streamlined menus, clear navigation, and a responsive and more interactive layout for all site pages. Explore the site to learn more about our full and *updated* spectrum of services!

In addition to the changed design and layout of the pages, new functions have been implemented in this version:

◆ **Platinum Benefits**

Platinum Sponsors are featured monthly on the homepage, with additional content and useful information.

◆ **Introduction of Member Only Pages**

Member Only Pages such as the newly designed forum and directory, as well as resource page allow for greater member-to-member networking and engagement.

◆ **Useful Links**

Our useful links page was designed in order to facilitate access to greater Australian and New Zealand affiliated organisations in Tokyo and wider Japan.

◆ **Enhanced Content**

Our updated [FAHC Restaurant & Café Directory](#) provides a comprehensive guide to Aussie and Kiwi eateries around Tokyo!

Your feedback is very important to us as we strive to develop a website that is valuable to you. Please submit any questions, comments, and concerns to our secretariat, or through feedback survey accessible from [here](#).

Fun Facts:

- ◆ The last web redesign was launched in July 2015.
- ◆ As an NPO we are thankful to our computer literate interns who update and maintain the site as part of the internship project
