

ANZCCJ Remote Internship Programme

The Australian and New Zealand Chamber of Commerce in Japan (ANZCCJ) welcomes applications from university students 18 years or older to undertake an internship with the ANZCCJ Secretariat office in Tokyo.

Due to the new restrictions on travel and working spaces that have been introduced to combat the spread of COVID-19, the ANZCCJ internship programme has evolved to offer remote positions to university students and recent graduates in Australia, New Zealand and Japan.

We encourage students with an interest in international business, trade, international relations, events management, marketing and communications to apply for work at the Chamber. We aim to give our interns exposure to the Chamber's activities through online event / project work as well as involvement in the day-to-day running of the Secretariat and activities of the Chamber and Executive Council.

Internships are unpaid and open to students of all nationalities but priority is given to Australian, New Zealand and Japanese applicants. Please note that interns will be responsible for covering the costs associated with their remote-work environment, such as internet connection.

If you would like to join the ANZCCJ as a remote intern, please contact our Executive Director, Craig Usmar at exec.director@anzccj.jp for details and to schedule an interview. Your email should attach the following:

1. Completed application form
2. CV
3. Brief statement on what you wish to gain from an internship at the ANZCCJ

Position Description

ANZCCJ Remote Interns are responsible for the proactive assistance of the daily operational functionality and communications of the ANZCCJ Secretariat. This includes event planning and implementation, and producing online content aimed at promoting a positive public image of ANZCCJ through its various communication channels. Close liaison with and support of the Executive Director and Operations Manager is required, and will be conducted via email and video conferencing.

University students or recent graduates from the fields of business, marketing, communications, public relations, international relations or a related field are the most suitable candidates for this internship position.
