SECRETARIAT - INTERNSHIPS

ANZCCJ's internship program provides hands-on work experience to young Australian, New Zealand and Japanese students and graduates. Through this programme, ANZCCJ aims to:

- Contribute to building a Japan-literate workforce in Australia and New Zealand; and
- Help ensure younger generations of Aussies and Kiwis remain involved and interested in Japan, and build interest in Australia and New Zealand among the younger Japanese generation.

To date, over 50 interns have participated our internship program since its start in 2017. Since mid-2020, the program has offered both remote and hybrid internships, opening opportunities to students and graduates based outside of Japan.

Please contact the ANZCCJ Secretariat for internship inquiries.

COMMITTEES

ANZCCJ Committees are one of the best avenues for members and non-members to make a contribution to the local business community. They also offers people the chance to interact with inspiring individuals who are leading in their industries. ANZCCJ committees play active roles in representing and developing business interests in Japan. Our committees are shaped by the needs and interests of members as well as the current business environment.

The participants of each committee are ANZCCJ members (guests are also welcomed to attend as a way to engage possible new members).

Committee membership is not limited - members may belong to as many committees as they wish. Whether you have unresolved trade issues or just want to share ideas and experiences with like-minded people whilst also extending your network, becoming a member of a committee is one of the best ways to benefit from the ANZCCJ. Aspiring Executive Council members are encouraged to actively participate in the Chamber committees ahead of running in the elections as a way to build their understanding of the Chamber.

TECHNOLOGY, INNOVATION, EDUCATION & RESEARCH

Chair: Kohei Tamura

Vice Chairs: Tim Tout and Yoshifumi Imamura

The ANZCCJ Technology, Innovation, Education and Research (TIER) Committee was formed in July 2020 with a mission to create, identify and connect new networks through appropriately enhanced communication and engagement that will enable members to modernise the perception of Australia and New Zealand in Japan, and that of Japan in Australia and New Zealand, across the four TIER pillars.

The TIER Committee meets regularly online, and has hosted events engaging with members and external businesses throughout 2021 and 2022.

SUSTAINABILITY

Co-chairs: Gavin Dixon and Shu Saito

The ANZCCJ Sustainability Committee was established in August 2021. Its purpose is to promote sustainable investment, trade, business and collaboration between Australia, Japan and New Zealand. Sustainability initiatives and practices are crucial for business longevity and better outcomes for our economy, environment, investors, customers and society. Sustainability is relevant to all industries – economically and also for the positive impact it has on society.

OTHER INITIATIVES

SME Networking Community

The ANZCCJ SME Networking Community is intended for SMEs and Individual members doing business between Japan and Australia / New Zealand, as well as Japanese returnees from Australia or New Zealand, or members who are about to start a new business in Japan.

Reborn from the SME Support Program in December 2020, this is a community lead by the ANZCCJ Secretariat. Through regular two-way communication, we hope to flexibly reflect your wants/needs and create an active and meaningful network.

Young Generation Programme (YGP)

The ANZCCJ Young Generation Program aims to bring together and foster new connections among the next generation of leaders in the Australia, New Zealand and Japan business community, to share information, career advice, networking and professional development. It offers excellent opportunities to meet like-minded young people while hearing from inspiring professionals who have excelled in their careers. The program was established in May 2021, as an updated version of the former Youth Empowerment Program.

ANZCCJ holds a variety of events throughout the year, such as informative seminars, social networking evenings, as well as meetings with visiting Australian and New Zealand Government leaders, industry experts and political figures.
